ANNUAL REPORTS

GOFFSTOWN

NEW HAMPSHIRE

1907

NEW HAMPSHIRE
STATE LIBRARY

The Number of Goffstown People

who come to us for their Eyesight Work is not in this report, but it is a large and constantly increasing number. We count Goffstown one of our best assets, and Goffstown people have our best service. We very much appreciate this patronage and shall do our best to merit it.

Ours is the best place on Elm Street from which to take the Goffstown car, and we invite every one, in storm or sunshine, to make our parlors their waiting room.

Brown & Burpee, 940 Elm Street, Manchester, N. H.
30 N. Main Street, Concord, N. H.

The Town Report

is to give the actual values to its taxpayers; therefore it is our belief that we give the same to the townspeople. We are doing an honest cash business, with one price to all. Our whole aim is QUALITY, and that will be our motto until the end.

**The Town Report Next Year will be
that we are Manchester's Most Reliable**

ANNUAL REPORTS
OF THE
SELECTMEN AND TREASURER
OF THE
TOWN OF GOFFSTOWN

TOGETHER WITH THE
REPORT OF THE SCHOOL BOARD

1906

MANCHESTER, N. H.
PRINTED BY THE JOHN B. CLARKE COMPANY
1907

STATE OF NEW HAMPSHIRE.

[L. S.]

To the Inhabitants of the Town of Goffstown, in the County of Hillsborough, in said State, Qualified to Vote in Town Affairs:

You are hereby notified to meet at the town house in said town on Tuesday, the twelfth day of March next, at nine o'clock in the forenoon, to act upon the following subjects:

1. To choose all necessary town officers and agents for the ensuing year.

2. To raise and appropriate such sums of money as may be necessary for the support of schools, for the maintenance of the poor, for the repair of roads and bridges, and for Memorial Day.

3. To see how much money the town will vote to raise for the Rogers Free Library.

4. To see what sums of money the town will vote to expend for the repairs of highways and bridges for the ensuing year.

5. To see if the town will comply with the provisions of the law for the purpose of procuring state aid for highways.

6. To see what sum of money the town will vote to raise for improvements in cemeteries.

7. To see if the town will instruct the selectmen to purchase one or more pieces of land suitable for surfacing highways and appropriate money for the same.

8. To see if the town will vote to adopt chapter 124 of the Public Statutes, State of New Hampshire, in regard to licensing junk dealers.

9. To see how much money the town will vote for the erection of a soldiers' monument.

10. To see how much money the town will appropriate to purchase the land lately left vacant by the destruction of the Central building (so called) for the purpose of a public common, and to improve and beautify the same.

11. To see what action the town will take in regard to destroying the nests of the brown-tail moths and appropriate money for the same.

12. To see if the town will vote to adopt chapter 79, section 2, of the Public Statutes, State of New Hampshire, in regard to building sewers across private land.

13. To hear the reports of agents, auditors, and committees, and pass any vote relative thereto.

14. To transact any other business that may legally come before said meeting.

Given under our hand and seal this twenty-third day of February, 1907.

SHIRLEY M. JOHNSON,
WILLIAM P. HADLEY,
HERBERT E. POORE,

Selectmen of Goffstown.

A true copy of warrant. Attest:

FRANK A. PARKER,
HENRY H. STARK,
HORATIO K. LIBBEY,

Auditors.

GOFFSTOWN, February 15, 1907.

REPORT OF THE BOARD OF HEALTH.

Contagious diseases are as follows: tuberculosis, 11 cases, 2 removals, 14 deaths; diphtheria, 13 cases; scarlet fever, 6 cases; measles, 4 cases; typhoid fever, 1 case.

July 24, 1906, a complaint received of nuisance on Mast road. Drs. Stark and Blaisdell found that there was such a nuisance, and it was ordered abated.

August 2, 1906, a complaint about a dog owned by Mrs. Rogers. Drs. Stark and Blaisdell saw the case and ordered the animal to be tied up until recovery.

September 1, 1906, a complaint from Mr. Rodney Johnson against Kendall, Hadley Co. Investigation revealed nuisance, which was ordered abated.

October 6, 1906, a complaint was received signed by several parties regarding a nuisance on the property of Kendall, Hadley Co., and a meeting was called at the office of Dr. Stark. After a full discussion of the matter Drs. Stark and Blaisdell voted that Dr. Swett should interview the Kendall, Hadley Co. Dr. Swett did so, and as far as he has knowledge the Kendall, Hadley Co. have done as was agreed.

In April a number of cases of diphtheria occurred at the county farm, and then another case occurred in August, after which the local board assisted in the disinfecting.

Respectfully submitted,

E. B. SWETT, *President.*

FRANK BLAISDELL, *Secretary.*

MAURICE A. STARK.

REPORT OF THE TRUSTEES OF THE ROGERS FREE LIBRARY.

In making the report we find that there is but little that can be said in addition to what has already been printed in previous reports. We wish to call the attention of the voters of the town to the fact that in order to keep in pace with other libraries in the state we must add each year a certain number of books, and it is but the question of a few years before it will be necessary to make some provision for a suitable and attractive place in which to deposit the books. We still desire to receive by gift or purchase the histories of the different towns in the state. There has been quite a call for an encyclopædia of late, and a bargain has been made for an up-to-date set. This explains the large unexpended balance in the treasurer's report. We have been able to place in the library more volumes this year than last.

Before another year we are in hopes the selectmen will see fit to decorate and otherwise improve the interior of the library.

HENRY MARTIN,
EDWIN A. BLAISDELL,
E. B. SWETT, M. D.,
ROBERT M. GORDON,
ERNEST JOHNSON,

Trustees.

year books and memorial addresses of Lincoln,
Garfield, and McKinley.

From the New Hampshire Library. Bulletins as published.

REPORT OF THE TRUSTEES OF CEMETERIES.

In presenting this, the thirteenth annual report, the trustees again wish to thank the citizens for the interest they have taken, for their co-operation during the year, and for the liberal appropriation made for the improvement and care of the cemeteries at our last annual town meeting.

The fence has been nearly completed around the new extension at a cost of about one hundred and fifteen dollars, and the north end of the ravine has been piped and nearly graded, the pipe costing seventy-four dollars. The east part of the new extension has been graded with hardpan and loam, and a good liberal dressing of stable manure. We have good reason to believe it will make a fine lawn.

The Unity Club has continued its good work, and under the faithful care of its committee has had the general oversight of the cemetery, replacing the trees that did not live, setting out shrubs and plants, keeping the walks and drives in good condition, and looking after the lots having perpetual care. In addition to this they have had the care of a number of the other lots. For this work the trustees return their thanks to the members of the Unity Club.

We hope the town will vote to raise the same amount at the annual town meeting this spring as they did a year ago, and, with the amount now due for lots sold, about one hundred and fifty dollars, we hope to put water into the new part and finish grading what is east of the ravine.

GEORGE PATTEE.

SHIRLEY M. JOHNSON.

BENJAMIN F. GREER.

ARTHUR H. PARKER.

FRANK W. KENDALL.

REPORT OF TREASURER OF CEMETERIES, 1906.

To the Trustees of Cemeteries:

GENTLEMEN:—I herewith submit to you the report of cemeteries for the year ending February 16, 1907:

L. H. HOYT, Superintendent of Burials.

REPORT OF SPECIAL SCHOOL DISTRICT NO. 1.

The Board of Education for the Special School District respectfully submits the following report:

At the regular election of teachers, all accepted their election with the exception of Miss Blood. Miss Blood has been a faithful teacher in the grammar grade for a number of years, and she has always done good work, and we let her go away with regret. Just as the school year was about to open one of our teachers suddenly deserted us for another school.

We were fortunate in securing Miss Flora M. Lucas of St. Albans, Me., to take the place left vacant by Miss Blood. It was very difficult to fill the other position, it being so late in the season, but fortunately we secured Miss Abbie E. Scruton of Strafford to take the school. Miss Scruton has had much experience in primary grades, and the school has not suffered by the change. Both Miss Scruton and Miss Lucas are doing good work; so are the other teachers; Miss Warren always does good work; Miss Curtice has proved herself to be a good teacher; Miss Anderson has improved in her school work; Miss Clough deserves the good things said of her, and in the high school, under Mr. Walker, the classes have been kept up to the usual standard.

At the outset of the year we were informed by the state superintendent that our course of study needed some changes, particularly so in the study of chemistry. We were aware of this, and it had been a source of regret to us that our students made so poor a showing in this study when passing the examinations for college. Our chemical outfit had dwindled down so low that the student was only getting what

he or she could get out of the text-books, with no opportunity to verify the work by experiment. The state superintendent informed us that we must fit up with chemical apparatus. This we have done, and have now an outfit of chemicals and apparatus, with a chemical room well fitted up, which will equal any other school of this class.

Another deficiency was in bookkeeping. This the state superintendent told us we must remedy, and informed us that our text-books were not what we should have. To remedy this we have introduced the Rogers & Williams system, a system now being used in the best schools, and one of great practical value. In this system the student not only learns a practical system of bookkeeping, but in addition learns the practical application of it, for with this system there is an abundant supply of accounts, bills of lading, invoices, blank bank checks, paper money, and all of the necessary paraphernalia of business, and the student actually does business as it is done in modern business today, so that if this study is well taught the student should be able to enter any business office and take up the work at once.

But, notwithstanding the work that faithful members of the Board of Education have done since the beginning of our present system until the present, much more remains to be done. Our primary departments are rapidly outgrowing the ability of any one teacher to manage. A primary department of from forty to forty-five pupils, many of them of foreign birth, unable to speak our language, many of them too young to attend school but within the age limit, makes the burden of the primary teachers a severe one, but as long as the age limit is five years we are helpless. A much better way would be to have each child examined, and, if able to be taught, be admitted; but if only able to be amused this can more properly be done at home, but as the law is now we must admit them. In our school either an assistant must be secured or a new grade added. Another thing we need is another year added to the school life; so much work is required of our high school

that it is impossible in the number of years given to pupils in the grades to bring them up to the high school fitted as they should be to make the most of the high school course. The pupil is required to do so much that about all of the waking hours must be used in hard study. This is not just to the pupil, as we must not forget that we are dealing with children at a developmental period, a period in which it is as necessary to develop the physical as the mental, and a child must have time to play; for if a child's mind is developed at the expense of his body, the result is a failure. It is the opinion of your committee that more time should be given to the work in the grades, and we think that an entire year added to those already required is not too much, certainly not when children at five are allowed to commence their school work.

We are glad to report that the improvements of last year have proved to be very satisfactory. It has been an exceptionally severe winter, and the new boiler has proved its worth, and we shudder to think what might have happened this winter if the old heating apparatus had been retained, for with the high pressure it would have been necessary to maintain, an explosion must have resulted. The toilet rooms are a great improvement, and the money was well invested.

Mrs. Mae Clough Poore has continued in charge of the music, and the musical development is such that we are not only very proud of it but we believe that in the future our village will owe much to Mrs. Poore for the way she has taught music in the schools, for some voices are being developed that will help us much in days to come.

FRANK BLAISDELL, M. D., *Chairman,*

BESSIE B. PARKER; *Secretary,*

CHARLES F. WHITE, *Treasurer,*

ROBERT M. GORDON,

ANNIE M. KENDALL,

SARAH SMITH,

Board of Education, Special District No. 1. .

RECORD OF PERFECT ATTENDANCE.

HIGH SCHOOL.

For three terms: George Stiles.

HENRY H. STARK,

Auditor District No. 1.

February 14, 1907.

REPORT OF THE SCHOOL BOARD OF THE TOWN SCHOOL DISTRICT.

The most of our schools have been very successful during the past year, except as they have been visited by sickness.

The school at the east part was broken up during the fall term by an epidemic of whooping cough. A case of scarlet fever and colds broke up the winter term.

In the fall term the primary school at Grasmere went to pieces during the whooping cough epidemic, and for a short time was closed altogether.

Miss Ruth H. Dudley of Clinton, Mass., taught the fall term at Parker's, and two weeks on the winter term, when she was taken sick and gave up the school, to the great regret of the district.

The term is being completed by Miss Grace Webster of Dunbarton.

Owing to a scarcity of teachers the winter term on the mountain did not open until January.

The schoolhouse on the Mast Road is filled to overflowing with scholars, and a large number of other children are nearly old enough to enter.

Extra facilities to care for those coming in will be needed in the near future. The schoolhouses on the south side of the river are in good shape, and the schools have been supplied with good teachers.

HENRY M. BEARD,
SHIRLEY M. JOHNSON,
GEORGE E. WHITNEY,

School Board of Goffstown.
